Kiera Paolo @ SpunkMouth.com

Kiera Paolo is an exotic energetic sexpot if there ever was one. We got this latin vixen into the studio and paired her up with a young buck to fuck her stupid, but in a way it was Kiera who was doing the fuckin.. Kiera seems to thrive on a nice hard shafting and it makes her go somewhat apeshit with lust. Our man certainly gave Kiera the meatstick she was looking for- pumping her hard from every direction after having his fill of [fucking](#) her mouth. When it was time for Kiera to take her man medicine, the tropical [slut](#) got bent back with [her pussy](#) in the air, speared proper, and then our man pulls out and lays a nice [load](#) all over her wanton face. Take that Kiera! -- [Watch the Trailer](#)
